React-Native, Cordova

Database Management

MongoDB, Postgresql

PROJECTS

Developer Cycles Training with Andela Capstone Project

This project was a backend Application done as a completion task of DevC Training, it was named "Teamwork", an internal social networking System for a company.

<https://teamwork-backend-api.herokuapp.com/api/v1>

Tech - Nodejs, Express, and Postgresql as its database.

My Portfolio site

My personal Portfolio website,
A frontend(currently) Application that showcases a little test of my abilities to work with frontend technologies.

<https://website-francosion.herokuapp.com/>

(Though it's still under construction)

Tech - React, Bootstrap, Node,

My Portfolio website (Django Version)

A fullstack application that I recreated from my former portfolio website.

<https://portfolio-website-django.herokuapp.com/>

Tech - Django, Postgresql

Digital CV Maker

A web Application that makes it easy for one to create and have a PDF copy of their CV. It allows you to create an account, set up your profile, select a CV template of your choice, then download as PDF.

<https://github.com/francosion042/cv-maker>

Tech - Django, Postgresql
